EXPERIENCE

ParivartanX

Dec. 2025 – Present

Frontend Engineer

Remote

- Designed scalable frontend components and connected them with **backend APIs**.
- Applied secure **payment gateway workflows**, order lifecycle management, and wallet features for an E-commerce platform.
- Enhanced UI performance and ensured consistent user experience across authentication, profile, and checkout flows
- Collaborated with cross-functional teams to translate product requirements into maintainable frontend architecture.

PROJECTS

EventHub | Link | Github

- Built and deployed a scalable college event management platform using Next.js, TypeScript, Node.js, Express.js, Prisma, and PostgreSQL with **RBAC**.
- Improved **responsive dashboards** with shadcn/UI, achieving a **90%** Lighthouse performance score.
- Optimized REST APIs and database queries using Prisma, reducing average latency by **10%**.
- Automated event workflows, cutting administrative overhead by **30%** and increasing student participation by **25%**.

HOMEHUNT | Link | Github

- Role-based real estate platform using React, Tailwind CSS, Node.js, Express, MongoDB & Mongoose.
- Developed secure multi-role listings, inquiries & management dashboard enabled efficient property handling for **users, agents & admins**.
- Implemented advanced filters, wishlists, saved searches & comparison improved user discovery and engagement by **20%**.
- Integrated **Multer + Cloudinary** for multi-image uploads reduced average image storage size by **35%** with optimized compression.

DEVTINDER | Link | Github

- Built profile matching, connection requests & post-match **real-time chat** enhanced developer networking and collaboration flow.
- Added **JWT authentication, session management & Razorpay** subscriptions secured payments and enabled **premium features**.
- Created user profiles & dashboard supported smooth onboarding for 50+ test/mock users with better retention.

EDUCATION

Marwari College, Ranchi (Ranchi University)

November 2023 – June 2025

Master of Computer Applications (MCA)

Ranchi, Jharkhand

SKILLS

Languages: JavaScript, TypeScript, Python, Java, C++
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, shadcn/ui
Backend: Node.js, Express.js
Databases: PostgreSQL, MongoDB, MySQL, Prisma, Mongoose
Tools: Git, GitHub, VS Code, Postman, REST APIs, JWT, Razorpay, Cloudinary

CERTIFICATIONS

- AI and Data Science Training Dell Technologies
- Web Development Fundamentals Coding Ninja
- C++ Programming Certification - Coding Ninja

KEY ACHIEVEMENTS

- Solved **100+ coding problems** on LeetCode, strengthening data structures & problem-solving skills
- Contributed to open-source projects through **GirlScript Summer of Code 2025**
- Built, deployed, and actively maintain **3+ full-stack** production-grade applications(EventHub, HomeHunt, DevTinder)
- Consistently **refactor and improve code quality** following modern best practices
